Because Image Matters

## 3M™ Easy Scrub Express

The no mess, no fuss,  
new generation mop.  
Go ahead, clean – the easy way!

- Cleans up to 3 times faster vs normal flat mops
- Reduces up to 50% cleaning time (compared to mop & bucket)
- Up to 80% reduction in chemical wastage
- Reduces need for mops & buckets

### Typical Application Areas

Industrial  
Commercial/home premises  
Hospital, clinic and extended care facilities  
Hospitality Industry  
Malls & Multiplexes

## 3M™ Easy Scrub Express System Includes:

A lightweight aluminum handle featuring a durable, chemical resistant, composite plastic bottle holder

Specially designed multi-use dispense bottles that hold cleaners and disinfectants. Each bottle is equipped with a Bifurcating (bi-fur-kating) valve to seal tight in its normal state but opens to dispense fluid when bottle is squeezed

A sturdy storage caddy that holds 12 3M™ Easy Scrub Express Bottles

3M™ Easy Pour Jug with spout

## 3M™ Easy Scrub Express System Features

### System Features:

#### Provides Fresh Cleaning Solution Every Time

- Better cleaning
- Reduces chemical waste

#### Quick Change of Chemicals

- Change from cleaning solution to disinfectant in seconds with no wasted chemical

#### Power Grip for Comfort and Ease

- Ergonomically designed for easy use
- Makes dispensing cleaning solution simple and easy

#### Adjustable Handle

- Adjusts to fit any size employee comfortably

#### Durable Design

- Built in clutch prevents breakage
- One piece stainless steel swivel

### Bottle Features

#### Bifurcating Valve in Bottle

- Prevents leakage (only opens when pressure is applied)

#### Ergonomically Designed Bottle

- Rigid enough to be used as power grip, flexible enough to allow for easy dispensing of liquid
- Bottle can be removed and used to squirt cleaning solution directly into hard to reach places
